# Management Team

**Daniel Butylewicz**

*Managing Director*

Daniel has been in the Building and Construction industry all his working life after beginning in shopfitting in 1995.

Daniel is the Operations Manager at Resolve and responsible for Project Management quality control, assessment and selection of new trades, pricing and delivery of repairs that are prompt and to a high standard.

Daniel's ability to find solutions to challenges and adapt to change make him a key player in ensuring jobs run to time and to budget.

Daniel takes the time to build rapport with key stake holders, clients, and trades to ensure jobs run smoothly from start to finish.

**Danielle Ball**

*Business Manager*

Danielle oversees all business and strategic operations at Resolve. Under her process-driven lead and with a focus on customer service and accurate information, the office team ensure that all bookings, administration and accounts functions of all projects are attended to on or ahead of time.

Danielle is committed to regularly making improvements to the business and administration processes and ensuring that the company has a strong foundation to support the natural growth of Resolve.
